Main publications

The number of published scientific and educational works-more than 100, including:

- in publications recommended by Committee for Control in the Sphere of Education and Science – 15;
- in publications published in the RSCI – 67;
- textbooks - 6, electronic textbooks (co-authored) – 2.
- monographs (co-authorship) - 2,
- developed courses lectures, seminars in electronic, slide format –21
- List of developed QMS -13

Participation in the implementation of scientific projects

Membership in professional scientific organizations

Awards and titles

-
-
-

Courses

1. Anatomy, physiology and hygiene of students
2. Industrial occupational health
3. Physiology studied with the basis of anatomy
4. Fundamentals of Ecology and life safety
5. Age-related physiology and school hygiene

Professional and scientific interests

– the influence of adverse environmental factors on the body of children.
