

RESUME

1. **L.F.P.** Oshanov Yerlan Zetkanovich
2. **Basic specialty:** Labor, computer science and computer engineering, graduation year 1993, CarPI.
3. **Academic degree, academic title:** Master of Transport, Transport Engineering and Technology, senior lecturer.
4. **Work experience:** 29 years.
5. **Courses taught:** Descriptive geometry, Engineering and computer graphics, Machine parts, Production and technical base of the transport complex.
6. **Information about professional development:** 2019 – Certificate of listening to guest lectures at KarSU on the topic "Technology of access roads of industrial enterprises". Lecturer: PhD, Professor of Lomonosov Moscow State University Kulbachinsky V.A. (Russian Federation); 2019 - Certificate of completion of the course "Renewable energy sources and installations for heating industrial facilities" (Blagoevgrad, Bulgaria); 2021 - Certificate of listening to the online advanced training course in the program "Transport Logistics". Educational, scientific and Technical Center of road Transport of the Kyrgyz State Technical University named after I. Razzakov.
7. **Research interests:** energy-saving technologies, the use of modern technologies in the design of parts and assemblies of transport equipment.
8. **Scientific achievements:** for the period from 2019 to 2022, 6 articles were published, 5 of them in the peer-reviewed journals Web of Science and Scopus, two patents of the Republic of Kazakhstan for the invention were obtained. In 2022, he participated in the project on the topic No.0433-F-22 "Creation of an energy-saving installation to increase the efficiency of heat transfer of industrial heat exchangers."
